

***Our Employees---*The Human Element In Our Service Justly Deserve Reward**

ALL that is within our power to give should be given to our employees, for their unflinching devotion to service makes possible the success of our business. Faithful to the highest degree, staunch in defending the ideals and policies of our business, and ever anxious to strengthen our bonds of friendship with the public, to which we are servants. Recognition of an employee's efforts is an inducement for greater service in the future.

We respectfully ask our customers' co-operation in enabling all of our employees to enjoy a TWO-DAY HOLIDAY every week during July and August.
